Supplementary: India Regulatory Declarations

Supplementary questionnaire

Form reference CYBERUW-IQ-1.0-IN · Aligned to underwriting model UNDERWRITING_MODEL_V1

Applicant reference

Applicant legal name		**Submission reference**	
Completed by (name / role)		**Date completed**	
Broker / intermediary		**Requested effective date**	

How to complete this form

Answer every question in every applicable section. Where a question does not apply, write **N/A** and state briefly why, rather than leaving the field blank - an unanswered question is not treated as a favourable answer.

Several questions ask whether a control is *enforced* rather than whether it is *available*. These are different, and the distinction changes the price. Where a question asks for a date, a percentage or a measured rate, give the actual figure rather than a general assurance. Attaching supporting evidence (audit reports, configuration exports, restore-test records) improves the rating for a given security posture and is strongly encouraged.

Section Q - India-Specific Additions

Complete this section if the applicant is incorporated in India, processes personal data of Indian residents, or is seeking coverage from an India-domiciled insurer.

Assessed controls: *Statutory obligations, regulatory severity overlay, KYC and proposal-form declarations*

Ref	Question	Response
Q1	Does the company process personal data of Indian residents, bringing it within the scope of the Digital Personal Data Protection Act, 2023? If yes, has a Data Protection Officer or grievance officer been designated as required under the DPDP Rules?	
Q2	Is there a documented process to report qualifying cybersecurity incidents to CERT-In within the mandated six-hour window? Are logs retained for 180 days and maintained within India, as the 2022 Directions require?	
Q3	Is the company regulated by a sector-specific Indian regulator with its own cybersecurity mandate (RBI for banks and NBFCs, SEBI's Cybersecurity and Cyber Resilience Framework for market participants, IRDAI, TRAI)? If so, list the specific technical directions that apply.	
Q4	Company PAN, GSTIN and CIN	
Q5	Has the company, or any proposed insured individual, previously been denied cyber coverage, or had a policy cancelled, by an Indian or foreign insurer?	
Q6	Declarations to be executed with the proposal	
Q6.1	Anti-rebating acknowledgment under Section 41, Insurance Act, 1938	
Q6.2	Anti-money-laundering and source-of-funds declaration for premium payment	
Q6.3	Politically Exposed Person declaration for signatories	

Evidence attached for this section (list artefact and date):

Declaration

I confirm that the information given in this form is true and complete to the best of my knowledge and belief, having made reasonable enquiry within the organisation. I understand that this information will be relied upon in assessing the risk and determining the premium, and that the answers given in the identity-and-access, endpoint, patching and backup sections may be incorporated into the policy as continuing warranties. I undertake to notify the insurer of any material change to the information given here between the date of this declaration and the inception of cover.
